THE SENIOR CLASS

OF

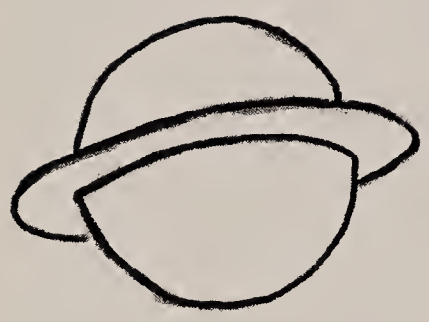
MEDFIELD HIGH SCHOOL

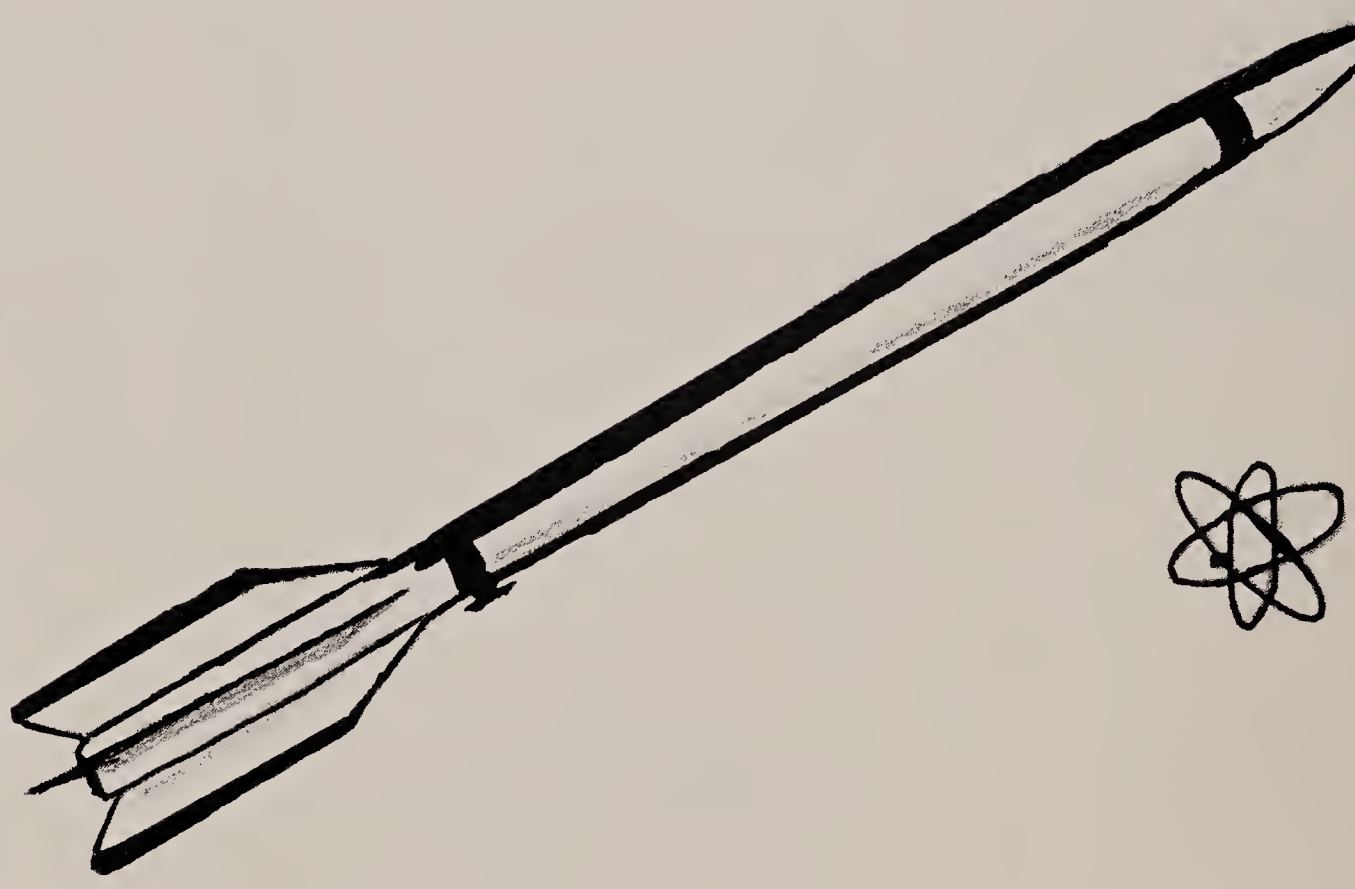
PRESENTS

THE 1958 PEAK

FOREWORD

"Today a dream,
tomorrow a reality"





With the guidance of parents, instructors, and conscience, we launch upon our sojourn into the unknown. Now, unbelievable as it seems, we are encountering our first milestone—graduation. Even as outer space is nebulous, the destiny of our future is obscure and intangible. Not alone, but with the help of Almighty God we venture forward to success. At this first memorable milestone we pause in retrospect and present to you our youthful experiences, in rotogravure.

DEDICATION

We, the Seniors, dedicate the 1958 PEAK to the intangible spirit that lingers on through the years. It is this spirit that remains in the graduate's mind when people and events have clouded together. This spirit is abstract, unforgettable, and indestructible, but to us, the graduate, it is Medfield High School.

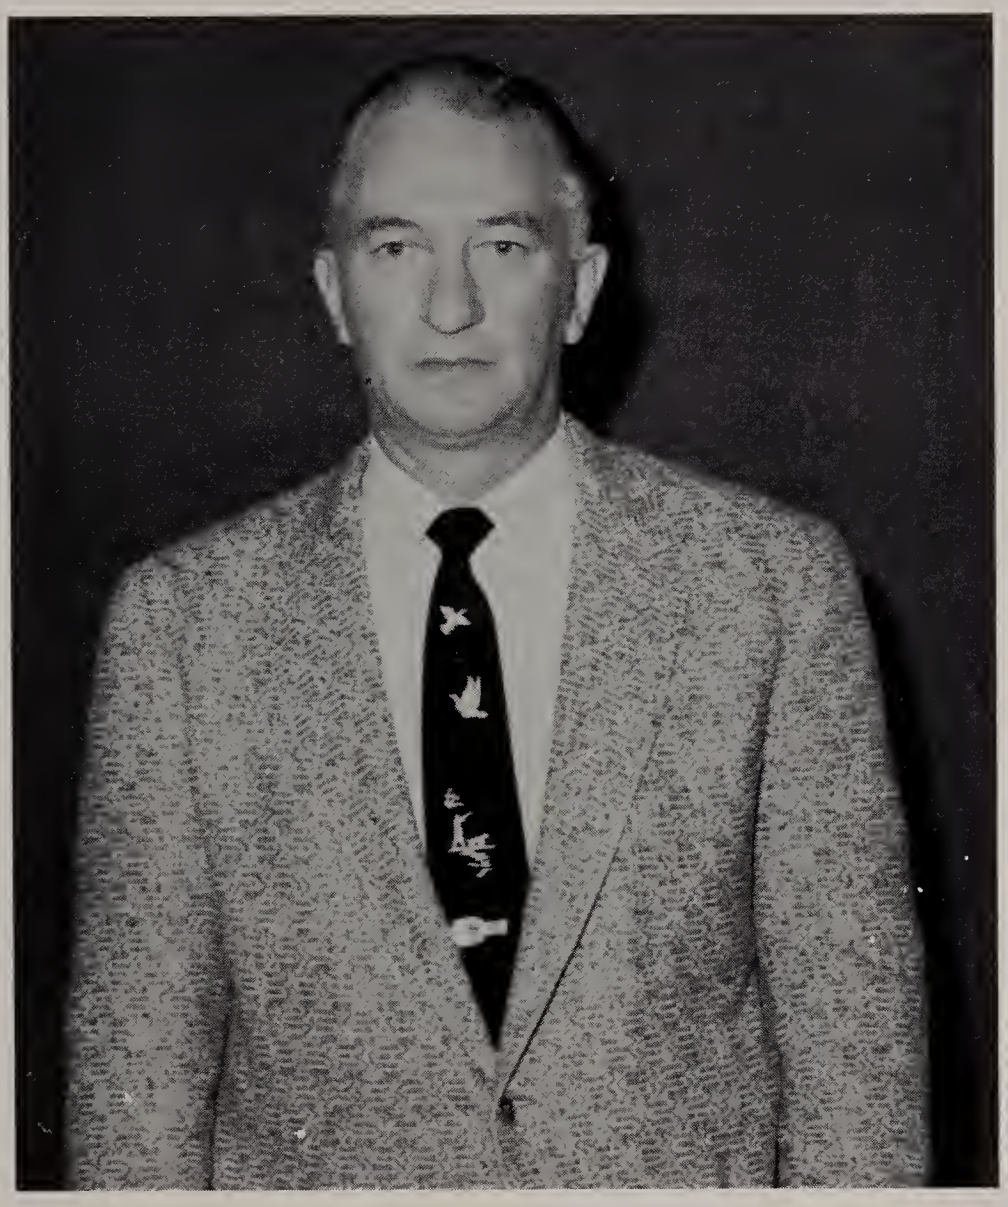
SUPERINTENDENT'S MESSAGE



To the Class of 1958

I wish you well in the years ahead. I wish you success and good health. Above all I wish you happiness—a happiness derived from a satisfaction that you have tried hard in the past, that you have been and will be a source of pride to your parents and to your community, that you have a firm faith in God and, through His help, a firm faith in yourself.

It has been nice to be "Aboard" with you.

THOMAS A. BLAKE
Superintendent of Schools

PRINCIPAL'S MESSAGE

It is said that we learn through experience. The varied, and often seemingly unimportant, events encountered during your school days have formed a base for your future. The experiences through life will be more numerous, more difficult and more important. Deal with them wisely.

CLASS HISTORY

Janice Hutchins — 1954-1955 — William Bowden

This is our life, the class of 1958. In September we eagerly started our four years of high school. With Mrs. Kellem as our homeroom teacher and advisor, we invaded Room 207.

Slowly we slipped into the maze of upperclassmen, and settled down to the task before us. Oh, what patience the teachers had to have that year!

Our class officers were as follows:

President ..... James Bois
Vice President ..... William Anderson
Secretary ..... Carole Ehnes
Treasurer ..... Richard Swallow

On October 12, 1954, we quickly entered the spotlight on the night of our Junior-Freshman Frolic. Although we were nervous, we were just as curious, as the Juniors completed a thorough job of initiating us.

In September Carol Tammero joined us from Boston, and the rest of the year sped by without much delay.

1955-1956

Returning from our summer vacation refreshed, and with a year of experience behind us, we plunged into an ocean of events that determined our Sophomore year. We were assigned to Room 203 where we met our new class advisor, Mrs. Rosenberg.

After taking a roll call of our classmates, we found one missing, Helen Smith. This we quickly remedied by the membership of two newcomers, Kenneth Wilson from Dedham, and Bruce Alexander from Maine.

Our class officers were as follows:

President ..... William Barth
Vice President ..... William Anderson
Secretary ..... John Shugrue
Treasurer ..... Nancy Seeley

With the arrival of our class rings in April; and with a class party at Catherine Sweeney's, we closed out a successful Sophomore year.

1956-1957

As Juniors we settled down to the serious business of being upperclassmen. In anticipation of our senior year, we assumed our duties with vigor and enthusiasm. We found ourselves in Room 201, with Mrs. Potter as our advisor, who proved to be exactly what we needed. This year was to be full of exciting activities and events, and we could hardly wait to begin.

Our class officers were as follows:

President ..... William Barth
Vice President ..... James Bois
Secretary ..... Marjorie Sargent
Treasurer ..... Charles Guy

After looking around at our classmates, we found that Betty Shanks and Bruce Alexander had not returned, but instead we acquired Charles Guy from California.

Shortly after we started school, Grace Herman left us. We were sorry to see her go, but the days passed rapidly.

Having planned and worked for almost two months on our first important dance, the Junior-Freshman Frolic, we were rewarded by the colorful antics of the freshmen. Everyone seemed to have enjoyed themselves, as it was our brief purpose to entertain them.

In December along with the Seniors, we put on a successful Christmas Dance. There was dancing to the music of the Rhythm Kings.

On May 2, 1957, we held our long awaited Junior Prom. The Grand March, to our surprise, ran very smoothly. We enjoyed dancing to the orchestra of Baron Hugo. Later during the evening, we departed for the Meadows, where we were srved a delicious dinner.

During the month of June, we gave the Seniors a Banquet, assisted by the mothers of the Junior Class. This was followed by a record hop.

Marjorie Sargent was chosen to represent Medfield at Girls' State; Patrick Harris and James Bois were chosen to go to Boys' State.

Carole Ehnes, Josie Bravo, Peter Frame, and James Bois had the honor of being marshals at graduation. We were especially proud of James Bois when he was awarded the Harvard Book Award.

A class swimming party at Marjorie Sargent's ended our Junior year.

1957 - 1958

Here we are! Seniors at last! This is the last year at our old homestead, Medfield High School.

We started the year off with the organization of the yearbook, under the supervision of the editors, Carole Ehnes and Patrick Harris.

Marjorie Sargent, Nancy Seeley, Catherine Sweeney, Josie Bravo, and Carol Tammero are the senior cheerleaders.

As the months slipped by, we put on record hops and held scrap drives. One of the most successful of these paper drives was held on March 9, 1958.

On March 15 we held a St. Patrick's Dance in the high school auditorium to raise additional funds for the yearbook. The Knights of Rhythm were featured and a St. Patrick's couple was chosen. During the same evening the Yearbook Staff disposed of many pictures used in the past and present editions of the PEAK.

During April the Senior Class held an innovation in dances. It was the Bermuda and Socks Hop on April 11. This was the first of its kind at Medfield High School and was enjoyed by all. On April 18 the annual Minstrel Show took place, thanks once again to the generosity of Tom Sweeney. Many seniors had an active part in this Medfield spectacular and gave the audience a happy evening.

May 17 was the date of our Senior Remembrance Dance. It was at this function that we really began to feel a touch of regret that our high school days were almost over. Now as we sit here May 27, at the Junior-Senior Banquet we look forward to June 4 the date of our graduation, a night we know we will never forget and to the climax of our high school days, our Senior Reception.

So this has been our life as it is written here to go down in history the Class of 1958.

CLASS PROPHECY

George Nye Cathy Sweeney

Time sure flies when you're out of school for here it is 1963 already. We had been planning to take in the plumbing convention for a long time and the day has finally arrived. I, *George Nye* thought I would bring someone with me to take notes, so I chose my secretary *Catherine Sweeney*.

We boarded the plane with enthusiasm and with thoughts to our future plans. We were not seated long, however, when we heard a great number of scientific findings and theories being expounded so we called for the stewardess. To our surprise it was *Carol Tammero*. She had been working at this job for a couple of years and found it very interesting. We asked Carol about the noise and she told us that it was *Pat "atoms" Harris*. It seems as though Pat was arguing with some Russian. Well Pat is on his way to an atomic research center, for he is now a nuclear physicist and is working on a new theory, on how to resplit the split atom.

We heard a familiar voice on the loud speaker but couldn't quite figure out who it could be, so I went to explore. To my great surprise it was *Bill Bowden* who is now a great flyer.

While circling the airfield for a landing we see a little red sports car zooming around the runway. When we landed we asked Bill and Carol about it and they tell us it is *Pete Scribner* with his new X55. He built it himself with the help of his ace mechanic *Larry MacKenny*. Pete and Larry have won all the races they have entered so far and are looking forward to winning their next, which is a race with some speedster known as Tiger, who can really go. He was discovered going to a fire.

We talked awhile with our classmates and then decided to get a taxi and be on our way.

I whistled for a cab and was really surprised to get one with huge black print all over it. On closer observation it read *Josie Bravo Airport Special.* It was good to see that name again and the taxi was a fifteen seater—some boat! On talking to Josie, she told us that she and *Nancy Rogers* have had the taxi service for four or five years now and business is booming. By the way, it's the only women's taxi company in the world. Nancy and Josie have thirty taxis in all. They guarantee *fast* service. Their most famous customer is *Janice Hutchins*. Janice is now known for her lectures on Parisian fashions. She designs, fashions and models her exquisite dresses which are famous everywhere.

We leave the convention after a while and coming out of the hall we see two marines coming up the street singing the Marines' Hymn. On closer observation we are glad to find *Buddy Guy* and *Mario Catenacci*. When talking to the boys we find they just love the marines and have signed up for another twenty years. They sure

are grateful to some old recruit way back in high school. We couldn't seem to recall his name though, something like Horace. Well they sure are grateful anyway. Buddy and Mario recommend a famous nightclub where we can eat. We get the directions, bid the boys farewell, and hop into Josie's taxi again.

Riding along we see a sign which reads "Kenny's Cadillac." *Kenny Wilson* is the proprietor and specializes in new and used cars—mostly used. We drive up a long driveway and into a huge and beautifully run nightclub. We can hear the music from outside and it really sounds good. The sign tells us that it is *Pete Frame* and his Dixieland Five. Pete is doing well in his music—another Jim Dorsey. He is also quite popular on the local school committee. Upon gazing around I noticed a familiar face behind the bar mixing cokes like mad. It was none other than *Frannie Rossi.* This is Frannie's second job as he specializes in raising his several race horses. His best jockey is *Jane Hinkley* and all his horses are trained by *Bill Anderson.* Frannie tells us that Jane and Bill made a good pair and are pulling in wins everyday.

We see a familiar face winding through the crowd, followed by several pretty females. Surprisingly enough it is *Joe Dugan,* owner of this chain of Joe's Rendezvous. We call Joe over and he tells us he has several of the ole gang working for him, in this, his most famous secluded spot. All the beautiful mahogany bars and furniture are made by *Don Wilson* who is now equally well known for his cabinet making. He has his offices all up and down 42nd Street. Joe seats us at a very nice table and calls over his head waiter Richard to take our order. He tells us to stay around for awhile for the floor show, starring another of the old gang, *Nancy "The Voice" Seeley.* She has made several records and is still waiting for her first hit. She almost made a hit last month with that favorite song—"Around the Moon in 80 Years."

By this time we were very hungry and as I turned my head I met with a sudden crash, we looked to find the head waiter *Richard Swallow* was so enthralled in what he was thinking (about the ole History class) that he tripped, and our food was now sprawled all over Richard in many different designs and patterns.

After a wonderful visit at Joe's we decided to walk through the park in order to get some fresh air. Here we met *Margie Milton* otherwise known as Sargent. Margie is busy now with her eleven children, but is very happily married. Talking to Margie we learn that three little Margies are taught in school by *Carole Ehnes.* At the samc school *Bill Barth* is chief truant officer. Bill has an excellent record of catches this year. He is really good at it! We leave Margie to her children who by this time are very happily fighting with just about everyone in the park. We get a cab, head for the airport and seated in the plane are a very tired pair. Yes, we may be tired and worn out, but we carry home many old memories of our classmates and, also, a new super duper garbage disposal unit.

WILL AND TESTAMENT

Carole Ehnes — William Anderson

Know All Men By These Presents: That we, the class of 1958 of Medfield High School, Medfield, County of Norfolk and Commonwealth of Massachusetts, being of sound and disposing mind and memory, do make this our last will and testament, hereby revoking any wills made heretofore.

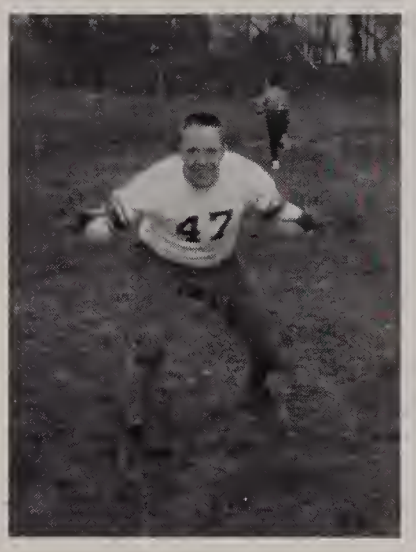
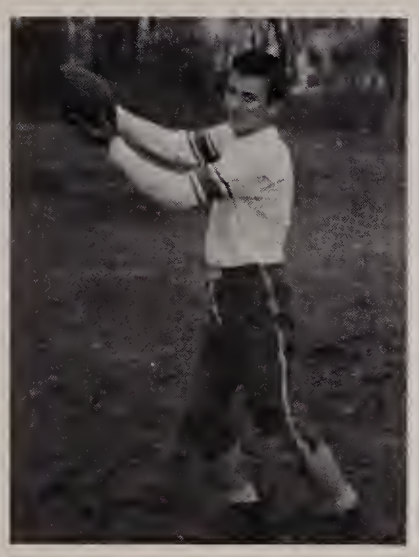
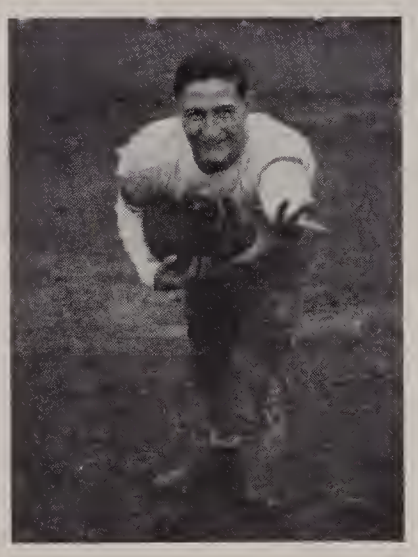
Hut too



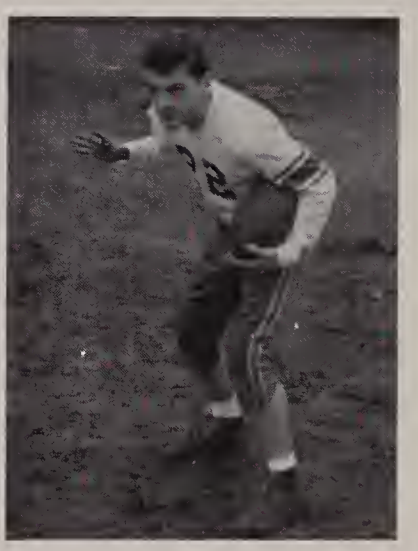
Tiger



I got it



Look out for me



Come and get me

I'm ready

Mad man

FOOTBALL CANDIDS

Time-Out

Climax!

Hold 'Em, Pete

It's up, It's . . .

That-a-boy, Ed!

Open that hole!

Johnson gets ready to make like a deer!

"Let's play tag," says Nye.

Faithful supporters!

Where, oh where, are my blockers?

It's a breakaway!!

Here it is, boys!

Hold 'em, Willy

What's going on here?

Kick-off!

Now when you get out there, give 'em . . . !!

MILLIS GAME

Open the throttle, Bill!!

Go, Bill, go!!

Watch out for this pair!!

Dig it out, Bill!!

Mario and Eddie have him covered!!

Yeah, Team!!

Our victory!!

Catching flies, Josie?
